经费：风景/广场 建筑：\$5,000,000

面积：广场：3 亩

主要顾问： Y.H. Lee Associates

Sub-Consultant Design Team:
Michael Pyatok & Associates,
AIA
Roberta La Rocca & Associates
Chris Patillo & associates
Jan Moyer Design

Description

Several design considerations determined the design for this city plaza, including preservation of the heritage oak tree, raising the grade for a lawn area with stepped seating along the edge, and decorative detailing to reflect the superb architecture of City Hall and adjoining new office buildings. Some of the key features include an informal amphitheater for events, a memorial fountain sited near the 12 Street BART entrance, and small intimate seating areas located along the retail section of City Hall Promenade. The multi-use plaza accommodates many outdoor activities, including ice skating, concerts, and volleyball.

描述

这个广场有几个不同的考虑决定了其设计，包括了保护老橡树，抬高草坪，和能反应市中心壮丽的建筑的装璜，也连接了其它新楼。其中主要有圆形剧场，靠近12街BART车站出口的纪念喷泉，和离市中心广场商业地带的小型座位区。此多功能的广场供应多项室外活动，包括滑冰，音乐会，和排球。
