Description

This shopping center includes a number of retail and commercial tenants. Strong geometric patterns define the pedestrian areas: the front walks, across the parking lot, and connecting five separate "Pad" areas.

The pedestrian court features a Sea Bass fish topiary. Clipped hedges and other plantings provide a green protective screen from the adjacent parking areas.

描述

这个购物中心包括了许多商业租地人。有力的几何图形强调了行人地带：街边，停车场，也连接了五个不同的范围。步行广场以鱼形修剪成装饰形式的树木作为号召物。经过修剪的植物形成了周边停车场的保护屏障。
